Footnote #	Footnote Narrative
01	The department has applied a five year average to the cost calculation for the Market Registration fees in FY 2015-16 in order to account for fluctuations in costs over time and number of units served. This revised cost calculation is intended to moderate fee adjustments to our customers.
02	The proposed fee structure and amounts are based on California Business and Professions Code section 12240 which states "...the board of supervisors, by ordinance, may charge an annual registration fee, not to exceed the county's total cost of actually inspecting or testing the devices as required by law, to recover the costs of inspecting or testing weighing and measuring devices required of the county sealer pursuant to Section 12210, and to recover the cost of carrying out Section 12211." The proposed fees are at or below the limits specified in statute. For FY 2014-15, the projected total costs of the device program is \$326,104, based on current workload and projected costs. The proposed FY 2015-16 device registration revenue is \$229,508, based on the total number and type of locations registered and the number and type of devices inspected. This represents a projected cost recovery of 71% for the device inspection and enforcement program.

1	Hourly fee for legal services is calculated using the most current ICRP (Indirect Cost Rate Proposal) created by the Auditor's Office.
2	<p>Fees for Estate matters complies with Probate Code section 10810 that says in part: "... (a) Subject to the provisions of this part, for ordinary services the attorney for the personal representative shall receive compensation based on the value of the estate accounted for by the personal representative, as follows:</p> <p>(1) Four percent on the first one hundred thousand dollars (\$100,000).  (2) Three percent on the next one hundred thousand dollars (\$100,000).  (3) Two percent on the next eight hundred thousand dollars (\$800,000).  (4) One percent on the next nine million dollars (\$9,000,000).  (5) One-half of 1 percent on the next fifteen million dollars (\$15,000,000).  (6) For all amounts above twenty-five million dollars (\$25,000,000), a reasonable amount to be determined by the court.</p> <p>(b) For the purposes of this section, the value of the estate accounted for by the personal representative is the total amount of the appraisal of property in the inventory, plus gains over the appraisal value on sales, plus receipts, less losses from the appraisal value on sales, without reference to encumbrances or other obligations on estate property..."</p>
3	<p>Fees for Conservatorship matters involving the estate complies with Probate Code section 2942(b) that says in part:</p> <p>"<input type="checkbox"/> Compensation for services of the public guardian and the attorney of the public guardian, and for filing and processing services of the county clerk, in the amount the court determines is just and reasonable." The initial case set-up, preparation of pleadings and appearances by counsel for an uncontested case is a minimum of five hours. For a contested case that requires a court trial, witness preparation, etc., but is fairly uncomplicated a minimum of nine hours is required. These hours are charged at the hourly rate to determine the cost to an estate for the initial case set up, preparation of pleading and court appearances. These rates are used as guidelines in petitioning the court for what counsel feels is just and reasonable, but the court retains authority at any and all times in awarding fees. If a case becomes more complicated such that discovery ensues, extended discussion with counsel, medical personnel, and family members occurs and the time exceeds that which is identified above.</p>

Footnote #	Footnote Narrative
1	Fees are non-refundable, regardless if transaction is completed or not. Does not include the value of the property or easement acquired. Easement fee applies to creating and releasing easements.
2	Term of 1 day to 1 year. An additional up-front fee of \$100 will be assessed for each site visit estimated to be required during the processing or management of the permit. Some of the difference between actual staff costs and the proposed fee shown in this analysis will be made up through the additional site visit charges, where applicable. A higher fee is not recommended because it may result in fewer users requesting permits, and the most significant purpose of the permit is reduce the County's exposure to liability.
3	Fee description #3001 and #3003 are proposed to be deleted in FY 2015-16. New Film Permit Fee #3004 is proposed. \$200 Application Fee for review of application plus \$400 Permit Fee to issue the permit. Permit is valid for up to 7 consecutive days. Additional fees may apply for impacts to Parks or other County facilities, excess County staff hours, encroachment permits, fire review, or extended term of permit on a case basis. Although staff costs are not fully recovered at a fee of \$600, a higher fee is not recommended because it is already near the top of the range of nearby counties. The California Film Commission endorses lower fees since their industry brings in a great deal of revenue to local businesses for any filming event.
4	Regular rental rate applies for uses that are commercial in nature or for private parties.
5	This reduced rate applies to 501c3 non-profits with proof of non-profit status, and other governmental agencies.

Footnote #	Footnote Narrative
1	Surcharge based on a multiple of the initial fee. Set as a deterrent to discourage multiple violations and a means of achieving compliance of code.
2	County fee remains below actual cost to avoid animal abandonment.
3	Fee based on comparable rates with other entities. The division is sensitive to fee increases that would discourage pet redemptions/adoptions and result in overcrowding at the shelter.
4	Base fee is set for other exotic animals and horses but fee could increase based on the overall market value of the animal being adopted.
5	In addition to the County approved fees, an additional State surcharge may be applicable and is subject to change after this publication.
6	Fee is not applicable in unincorporated areas
7	Full cost of cruelty investigations are included in Restitution documents submitted to the courts during hearing process.
8	The Health Agency Director or Animal Services Manager is authorized to waive fees.
9	Investigation costs and charges vary accordingly-and include payroll costs of staff involved (both ASD and other agencies), supplies associated with the investigation, any animal care associated (boarding, vet exams, medical, food), and any other administrative costs (copies, postage, etc.).
10	Deposit which is refundable upon return of trap.

1	The department wishes to recover the full cost of service (including consultant cost) for all major projects, peer reviews and/or technical reports. If the processing cost of an application, including environmental review or administering the conditions of approval, will be substantially in excess of the fee/deposit, the applicant may be notified before the project is scheduled for public hearing that the total processing cost will be determined by full cost recovery techniques and that additional charges (invoices) may be forthcoming. Invoices not paid within 30 days of billing will have all processing of the project stop until the invoice is paid in full. This option can also be used where the department determines that processing costs will be substantially less than the original fee/deposit. In this case, the unused portion of the fee/deposit will be refunded. Billing for Land Use/ Division Applications will be at \$142/per hour. Billing for Building permit applications will be at \$133/per hour. These rates will be charged at 1.5 times these hourly rates when work is performed during overtime conditions at the applicants request. Billing for peer review and for consultant review will be at actual consultant hourly rate (typically between \$125 and \$150 per hour).
2	The Department wishes to recover the full cost of staff time required to resolve land use violation cases that do not require issuance of a land use permit. The Department shall notify the property owner at the time a violation is verified to exist. The total administrative cost of resolving the enforcement case will be determined by full cost recovery techniques and the property owner will be billed accordingly.
3	A refund of any unused portion of fees for withdrawn or partially completed projects shall be determined by the Planning Director based on code requirements and/or an appraisal of the cost of staff work up to the time the project is withdrawn. Any fee erroneously paid or collected will be refunded in full or credited in full to the correct fee. All requests for refunds shall be in writing from the property owner or designee as listed on the application as originally filed with the department, with the refund paid only to that owner.
4	<p>The Planning Director is delegated the authority to grant fee waiver requests for land use and construction permits on development projects that are proposed by volunteer, community and nonprofit organizations for the benefit of an entire community when the project satisfies the following criteria. This policy does not apply to requests for general plan amendments.</p> <ul style="list-style-type: none"> <li>a. the proposed project will be available for use by the public at-large and it is likely that the project will be used or will benefit more than residents of the immediate vicinity; and</li> <li>b. the project will be of obvious public benefit. Evidence of public benefit may include but is not limited to: <ul style="list-style-type: none"> <li>1. the project meets a need previously identified or recognized by the Board of Supervisors.</li> <li>2. the project replaces another facility that previously provided benefit.</li> <li>3. the project provides a facility not presently available in the community.</li> <li>4. the project has generated substantial, obvious community support.</li> <li>5. the project would reduce other County costs or increase other County revenues.</li> </ul> </li> <li>c. The fee (s) to be waived will not exceed a total of \$5,000.</li> <li>d. The Planning Director decisions may be appealed in writing within ten days to the Board of Supervisors, whose decision will be final.</li> <li>e. Notwithstanding any other provision of this fee schedule, the Board of Supervisors retains the authority to consider other fee waiver requests when it considers such waivers to be equitable and in the public interest.</li> </ul>

Footnote #	Footnote Narrative

Evidence of public benefit may include but is not limited to:</p> <ol style="list-style-type: none"> <li>1. The project meets a need previously identified or recognized by the Board of Supervisors.</li> <li>2. The project replaces another facility that previously provided public benefit.</li> <li>3. The project provides a facility not presently available in the community.</li> <li>4. The project has generated substantial, obvious community support.</li> <li>5. The project would reduce other county costs or increase other county revenues; and</li> </ol> <p>(c) The fee(s) to be waived will not exceed a total of \$5,000.</p> <p>(d) Director of Public Works decisions may be appealed in writing within ten days to the Board of Supervisors, whose decision will be final.</p> <p>(e) Notwithstanding any other provision of this fee schedule, the Board of Supervisors retains the authority to consider other fee waiver requests when it considers such waivers to be equitable and in the public interest.</p>
	<p>6 The Director of Public Works, or his designee, is authorized to waive fees for applicants who are seeking to reconstruct legally constructed homes and other structures, including associated grading, that were destroyed as a result of a natural or manmade disaster, where the Board of Supervisors adopts a resolution declaring such a disaster.</p>

Footnote #	Footnote Narrative
1	The Department reviewed the time studies, pertinent code sections, and reasonableness of the current fees. Direct costs have been added where applicable.
2	The department conducted a survey of comparable counties to ascertain that the proposed fee was reasonable.
3	Statutory fees are subject to change in order to comply with state statutes.
4	This is a State-mandated fee paid to the State if sale proceeds exceed \$1.50; no revenue to the County.
5	Senate Bill 1186 became effective on January 1, 2013. In part, this law requires city and county business licensing agencies to collect an additional \$1.00 on each new business license application and business license renewal. These funds are used to increase access for disabled persons to businesses through inspections and other oversight by State and County agencies. The County retains \$0.035 of each \$1.00 collected to assist in the funding of inspections and oversight. For workbook purposes, the projected number of units was determined by taking the total estimated revenue and dividing by the fee. In practice, the full \$1.00 fee will be collected on an estimated 3,900 business licenses and renewals in FY 2014-15.
6	The fee is set by California Probate Code and is based on the value of the estate administered. The calculation is \$25 plus 1/4 of 1% of the amount over \$10,000, for each year an estate is open. Fees after the first year are prorated by month.
7	The fee is set by California Probate Code and is based on the value of the estate administered. The fee is 4% of the first \$100,000, 3% of the next \$100,000, 2% of the next \$800,000, etc. There is a \$1,000 minimum compensation for estates handled by the Public Administrator. (Most PA estates do not exceed \$25,000 and therefore fall in this category.) Because estate sizes and fees vary, the expected revenue is simply divided by \$1000 to determine the units of service, but the actual number of estates administered will be less.
8	Effective with FY 2012-13, the Current Secured Delinquent Cost Fee increased from \$10.00 to \$20.00, to recover actual costs of preparing the delinquent tax records and giving notice of delinquency, as allowed by code. All costs added in FY 2012-13 and forward will be at the rate of \$20. However, all costs existing prior to July 1, 2012 will be collected at \$10. Until all \$10 costs from prior years have been collected, this fee must be estimated with units at both fee amounts. For workbook purposes, the projected number of units was determined by taking the total estimated revenue and dividing by the \$20 fee. The actual number of units for FY 2014-15 is forecast to be 9,349 vs. 9,905 in the FY 2013-14 budget.

9	The timeshare separate bill fee is a composite fee between the Tax Collector and Assessor's offices. Due to many variable factors the Assessor's actual cost cannot be calculated until the work is completed. This amount once calculated will be added to the Tax Collector's fee and the total applied to the property tax bill by the Auditor.
